## THE SMALL PAINTINGS GROUP

We launch our 2016 programme with the annual London Exhibition of the Small Paintings Group. Now in its 19th year, this eagerly awaited show presents a wonderful and eclectic array of small scale works by an association of artists working in differing styles and mediums. The discipline involved in producing small, intimate 'cabinet' paintings requires a conciseness and directness all of its own and lends the works a particular freshness and intensity. Their compact size makes them both ideal for domestic interiors and very affordable.

*The exhibition includes work by the following group members...*
